*Hello Everyone;*

*I know he's my kid and all, and I have no prior experience with this popcorn selling thing, but I think Jack did a great job this past weekend. He exemplified a good portion of what scouting is all about.*

*He was helpful, friendly, courteous, kind, and Tiger Cub brave.*

*Saturday's Show 'n Sell was a new world for my boy. A little timid at first, but, after a few dry runs (me walking out of store pretending to be a customer), he was on fire. I couldn't have been more proud.*

*Anyway, I just wanted to say "Thanks." You and the rest of the pack have been great. Everyone's leadership, personal involvement, and welcoming attitude have come to mean a lot to Jack and me.*

*Thanks again,  
Kevin*

In 2007, Braden Nieburger, a member of Boy Scout Troop 79 in Andover, became the top popcorn seller in the Yankee Clipper Council.

Braden's sales over six weeks in October and November 2005 were \$6,422.00. This number assured him of "top seller" status in Troop 79 for the sixth straight year, and also tops in the Yankee Clipper Council of the Boy Scouts of America, based in Haverhill, MA, for the third straight year.

Braden is a championship skater as well as our Top Popcorn Salesman. The attached photographs show Braden practicing on his home ice in Andover and Randy Larson of the Yankee Clipper Council, presenting Braden his plaque for "top seller" for the third year in row.

The Trail's End Popcorn Co. provides a college scholarship for top-sellers. Braden's efforts have resulted in a growing credit of over \$2,000 toward his college education.

Way to go Braden.

**Last year, one of our top selling units was Pack 50 in Georgetown. They again sold almost \$20,000 of popcorn giving them a commission of about \$8,000 for their pack.**

**You can too! With enthusiasm and a plan, it is possible to sell that much popcorn and several units are consistently accomplishing this feat.**
